

Join the ultimate conversation to
advance Asia's Net-Zero ambitions

The Offerings as at 11 May 2023

Charting Pathways
for a Sustainable Asia

26 – 28 June 2023
Kuala Lumpur, Malaysia

By:

Knowledge Partner:

CERAWEEK[™]
by S&P Global

Organiser:

officialenergyasia.com

- Energy Asia advances the region's Net Zero ambitions by bringing together policy makers, industry captains and energy professionals through actionable solutions for a just and responsible energy transition.
- Spanning three days from **26 – 28 June 2023** at the prestigious **Kuala Lumpur Convention Centre**, Energy Asia conference is poised to deliver riveting thought leadership discussions alongside a showcase of cutting-edge technologies and solutions.
- Engage in this strategic discourse and provide actionable solutions by:
 - Translating pledges into measurable targets
 - Turning issues & challenges into business-building opportunities arising from energy transitions
 - Developing ecosystems to achieve a just and responsible Net Zero future for Asia

On the Agenda at Energy Asia

-  How would permanent structural changes driven by geopolitics and geoeconomics impact policies and strategic direction?
-  Energy scenarios & strategic options in balancing the Energy Trilemma of security, transition & affordability
-  How can G2G collaboration be strengthened among the international community for a successful energy transition for the region?
-  New models of finance and investment to do it right & doing the right thing
-  Energy policies, regulations and incentives– building a framework that is effective, impactful, consistent and sustained delivery
-  Turning Net Zero commitments into business-building – clean & sustainable energy
-  Technologies to unlock decarbonisation pathways, does it exist and at what cost?

... and many more
